APPLICATION FOR SOIL EROSION AND SEDIMENTATION CONTROL

Permit # _____

Project # _____

I. PROJECT LOCATION				
Town		Range		Section
Project Address				
II. APPLICANT INFORMATION				
Applicant Name		Please select type of applicant below. <input type="checkbox"/> Owner <input type="checkbox"/> Developer <input type="checkbox"/> Other		
Address				
City		State	Zip Code	
Office Number	Cell Number		Email	
III. PROPOSED EARTH CHANGE				
Type of Change				
Distance to Nearest Lake or Stream	Date Project to Start		Date Project to be Completed	Size of Earth Change (in Acres)
IV. SOIL EROSION & SEDIMENT CONTROL PLAN *NOTE: THREE (3) SETS OF COMPLETE PLANS MUST BE ATTACHED				
Engineer or Plan Preparer's Name	Name of Company		Estimated Cost of Control Measures \$	
V. PARTIE(S) RESPONSIBLE FOR EARTH CHANGE				
Name of Property Owner of Record		Property Owner Address (If Different Than Applicant)		
City		State	Zip Code	
Phone Number		Email		
Name of Individual "On Site" Responsible For Earth Change		Responsible Party Company Name		
Address				
City	State	Zip Code	Phone Number	
VI. FEES AND DEPOSITS				
Permit Fee \$ (\$125 minimum permit fee - Refer to fee schedule provided)		Inspection Deposit \$ (\$1800 minimum inspection deposit - Refer to fee schedule provided)		Performance Deposit \$
VII. APPLICANT SIGNATURE				
<p>I (we) affirm that the above information is accurate and that I (we) will conduct the above described earth change in accordance with Part 91, Soil Erosion and Sedimentation Control, of the Natural Resource and Environmental Protection Act, Act 451 of the Public Acts of 1994, its corresponding rules, applicable local ordinances and the agreements accompanying this application. This license/permit/lease agreement shall in all circumstances, regardless of any other potential action in law, maintain the City's public property in the City's rightful and legal ownership and possession for all times and the licensee/permittee/lessor accepts, acknowledges, and agrees to the City's sole rights in its public property and agrees to always accept and never interfere with the City's rights in it's public property.</p> <p style="text-align: center;">*By providing your e-mail to the City, you agree to receive news and notifications from the City. APPLICATION FOR SOIL EROSION AND SEDIMENTATION CONTROL

Permit Conditions and Requirements

PERMIT CONDITIONS:

1. The permitted activity shall be completed in accordance with the approved plans and specifications, and the attached general and specific conditions.
2. This permit does not waive the necessity for obtaining all other required federal, state, or local permits.
3. Permittee shall notify the permitting agency within one week after completing the permitted activity or one week prior to the permit expiration date, whichever comes first.

GENERAL CONDITIONS:

In accordance with Rule 1709 promulgated under the authority of Part 91, Soil Erosion and Sedimentation Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, and in addition to the information on the attached plan(s) and special conditions, the following general conditions apply to the earth change authorized by this permit:

- Design, construct, and complete the earth change in a manner that limits the exposed area of disturbed land for the shortest period of time.
- Remove sediment caused by accelerated soil erosion from runoff water before it leaves the site of the earth change.
- Temporary or permanent control measures shall be designed and installed to convey water around, through, or from the earth change at a non-erosive velocity.
- Install temporary soil erosion and sedimentation control measures before or upon commencement of the earth change activity and maintain the measures on a daily basis. Remove temporary soil erosion and sedimentation control measures after permanent soil erosion measures are in place and the area is stabilized. ("Stabilized" means the establishment of vegetation or the proper placement, grading, or covering of soil to ensure its resistance to soil erosion, sliding, or other earth movement.)
- Complete permanent soil erosion control measures for the earth change within five calendar days after final grading or upon completion of the final earth change. If it is not possible to permanently stabilize the earth change, then maintain temporary soil erosion and sedimentation control measures until permanent soil erosion control measures are in place and the area is stabilized.

FEE SCHEDULE:

SESC Permit Fees

Less than 1 acre site	\$125
1-2 acre site	\$150
2-3 acre site	\$150
The permit fees shall increase for every acre or portion thereof in excess of the above	

SESC Deposits

Less than 1 acre site	\$1800
1-2 acre site	\$3600
2 acres or greater	\$5000
